The Mountains to Sound Greenway spans over 1.5 million acres of connected natural lands and vibrant urban areas surrounding Interstate 90 between Seattle and Ellensburg, Washington. For nearly 30 years, the Greenway Trust has been leading coalitions and inspiring action to conserve and enhance this landscape, ensuring a long-term balance between people and nature. [See Mountains to Sound Greenway Trust’s 2016-2020 Strategic Plan.]

On March 12, 2019, the Mountains to Sound Greenway was designated by the United States Congress as a National Heritage Area (NHA). The Mountains to Sound Greenway Trust was named the local coordinating entity for the new NHA. The NHA designation affirms the Mountains to Sound Greenway is a landscape of national significance and that the Greenway Trust’s cooperative approach to conservation works. As the designated local coordinating entity, the Greenway Trust’s first responsibility is to develop and receive approval from the National Park Service for a Cooperative Management Plan. The plan will contain:

- An inventory of resources related to the themes, and strategies for preserving those resources;
- An interpretive plan that includes Tribal heritage; and
- Strategies for promoting and supporting collaborative partnerships to implement those plans.

The Cooperative Management Plan must be completed within three years of designation (March 2022). By this charter, the Greenway Trust Board of Directors establishes the Mountains to Sound Greenway National Heritage Area Advisory Committee (NHA Advisory Committee) to specifically:

- Guide a collaborative process for developing the Cooperative Management Plan for the Mountains to Sound Greenway NHA; and
- Ensure public engagement in the plan development

The NHA Advisory Committee is comprised of volunteer members who will report on their progress to the Mountains to Sound Greenway Trust Executive Committee. The NHA Advisory Committee will be supported by the Greenway Trust staff with information and meeting logistics. The NHA Advisory Committee will submit their final recommendations to the Mountains to Sound Greenway Trust Board of Directors. In March 2022, after the Cooperative Management Plan has been submitted to the National Park Service, the NHA Advisory Committee, in partnership with the Greenway Trust, will reassess the committee’s charter.
NHA Purpose
As communities across the Greenway undergo massive growth, this designation offers new opportunities to more effectively conserve natural resources, preserve and share cultural heritage, and contribute to the economic vitality of the region. Specifically, goals of the Mountains to Sound Greenway NHA are to:

1. Amplify the region’s rich history and natural heritage through interpretive and educational programming for the public.

2. Increase visibility for communities across the Greenway NHA through an enhanced sense of place and opportunities to engage.

3. Encourage ecological restoration across multiple jurisdictions and watersheds.

4. Grow funding opportunities through private and public partnerships and interagency coordination.

5. Promote regional tourism and attract new economic opportunities.

NHA designation will also reinforce long-standing goals of the Mountains to Sound Greenway Trust to preserve working farms and forests, enhance access and recreation opportunities on public lands, and maintain the visual integrity of the Mountains to Sound Greenway landscape. Public engagement and participation in the Mountains to Sound Greenway NHA may reveal additional opportunities and benefits of the designation.

NHA Advisory Committee Purpose
The purpose of the NHA Advisory Committee is to provide the Mountains to Sound Greenway Trust with advice and recommendations on the development of the National Heritage Area Cooperative Management Plan.

- The plan will include themes, inventory of resources, strategies for preserving those resources, an implementation plan for cooperative management, as well as an interpretive plan that includes Tribal heritage.

- In accordance with the principles of the National Heritage Area program, the NHA Advisory Committee will seek input from diverse stakeholders including Tribes, government at all levels, businesses, community groups and the general public.

- The input, feedback and recommendations gathered during this planning process will be incorporated into the Cooperative Management Plan in a way that reflect the interests that are broadly important to Greenway NHA stakeholders.

- The Implementation plan will include cooperative actions that governments, agencies, and others agree to take in support of the NHA.
Principles

In alignment with Greenway Trust values, the NHA Advisory Committee is guided by Respect, Understanding, Open Communication, Collaboration, Inclusion, and Pragmatism. Committee Members are expected to endorse and demonstrate these values as they fulfill their duties. Each individual member brings unique experience and perspectives that are acknowledged and respected by other Committee members. Members seek to build and maintain positive working relationships with one another based on mutual trust and respectful understanding of differences. In soliciting public input, members are expected to acknowledge and be sensitive to disparities that exist in the community and consider forms of outreach that are inclusive of diverse perspectives and backgrounds. When there are differences within the Committee, members seek to understand their differences, and to develop recommendations that are respectful of those differences.

Membership Selection

Members of the NHA Advisory Committee are volunteers who will be appointed to serve until the Cooperative Management Plan is successfully submitted to the Secretary of the Interior (expected by March 2022). The initial size of the NHA Advisory Committee shall be 16 members. Should the NHA Advisory Committee determine that additional members are needed or desired to fulfill the committee’s purposes, up to 4 additional members may be appointed by the Greenway Trust Executive Committee based on recommendations and nominations by the NHA Advisory Committee.

All prospective members of the NHA Advisory Committee will be asked to submit a letter of interest to the Greenway Trust Executive Committee that summarizes their interests in serving on the committee and their relevant skills or experience, or other qualifiers the applicant thinks important. Members of the NHA Advisory Committee need not be on the Greenway Trust’s Board of Directors [though see Administration of the Advisory Committee below re Chair]. Members will be appointed by the Greenway Trust Executive Committee based on consideration of the skills and experience each individual would bring, and how those skills and experience combine to create the breadth and diversity of members necessary to successfully fulfill the committee’ purposes [See Member Representation below].

Following appointment of the initial NHA Advisory Committee members, appointment of any new members will be informed by nominations made by the NHA Advisory Committee to the Greenway Trust Executive Committee. New members may be appointed in the case of a vacancy. The principal duties of NHA Advisory Committee members are to regularly attend and participate in scheduled committee meetings, to help solicit and gather public and other input to the planning process, and to give their best advice for developing a successful NHA cooperative management plan. [See Attachment C for more details about Committee member responsibilities (needs to be developed)].

If a member misses a meeting, they are expected to review meeting minutes and ask any clarifying questions before the next meeting. Discussions will not be repeated for a member who was previously absent unless the full Committee agrees. In the case that a member is unable or unwilling to fulfill their duties to the NHA Advisory Committee, including upholding Committee principles, the NHA Advisory Committee may nominate or recommend, and the Greenway Trust Executive Committee may appoint a replacement.
Member Representation

Appointment of members to the NHA Advisory Committee will be guided by consideration of the mix of skills, experience, and perspectives that the Committee, as a whole, will need to successfully guide development of the Cooperative Management Plan, and to set the stage for achieving the goals of the Greenway NHA [see NHA Designation Purpose on page 2]. NHA Advisory Committee members will also be selected to ensure cultural, multigenerational and geographic representation from across the Greenway. Members of the NHA Advisory Committee serve as individuals who are encouraged to think broadly with diverse community interests in mind and beyond their own personal interests. Members are encouraged to use their personal and professional networks to gather input that can help inform the Committee’s work though will not be asked or expected to speak on behalf of any government, organization, or group of which they may be a part.

Administration of the Advisory Committee

The NHA Advisory Committee is administered by the Mountains to Sound Greenway Trust in its capacity as the NHA local coordinating entity. Greenway Trust staff will support the NHA Advisory Committee to schedule meetings, arrange meeting locations, prepare agendas, draft minutes and staff reports, and generally support meetings of the Committee. The NHA Advisory Committee will be chaired by a member of the Greenway Trust Board of Directors, appointed by the Greenway Trust Executive Committee. A co-chair may be elected by the members of the NHA Advisory Committee. The co-chair will share responsibilities for leading the committee, coordinating support with Greenway Trust staff, and keeping the Greenway Trust Executive Committee and Board of Directors apprised of the NHA Advisory Committee’s progress. The co-chair does not need to be a member of the Greenway Trust’s Board of Directors.

Advisory Committee Decision-Making

The NHA Advisory Committee will be asked to make recommendations regarding the goals, objectives, strategies and implementation of the Greenway NHA Cooperative Management Plan. The NHA Advisory Committee will adopt and abide by a set of ground rules for how they operate. [See attachment A for potential ground rules.] Committee members will be provided with relevant information and be given the opportunity to discuss and deliberate on issues before being asked to make their recommendations to the Executive Committee and Board of Directors regarding the NHA Cooperative Management Plan.

The NHA Advisory Committee will strive for consensus when making its recommendations and in so doing shall endeavor to ensure that each participant can honestly say:

- I believe that other participants understand my point of view.
- I believe I understand other participants’ points of view.
- Whether or not I prefer this approach, I support it because it was arrived at openly and fairly.
In the case where consensus cannot be reached after a good faith effort by the NHA Advisory Committee, a tally of opinions will be taken. Majority and, when requested, minority opinions will be noted in meeting documentation, and specific points or issues where consensus could not be reached will be included. In such case, good faith effort will be made to gather input from all Committee members, in-person or other Committee communication, before making recommendations or taking tallies. However, Committee actions will not be delayed due to non-responsiveness from a member. If the NHA Advisory Committee cannot agree on a recommendation in a timely fashion, it should not delay the Greenway Trust Executive Committee or Board of Directors from making decisions related to the issue being discussed.

Advisory Committee Scope of Work

The primary responsibility of the NHA Advisory Committee is to advise the Greenway Trust on the preparation and submission to the Secretary of the Interior for approval of a Cooperative Management Plan by March 12, 2022.

The Cooperative Management Plan will formalize the general principles, expectations, and parameters of how the Mountains to Sound Greenway National Heritage Area will be cooperatively managed by public and private organizations that choose to participate. Though the Cooperative Management Plan will provide general direction for subsequent implementation, operations and governance, it will not address specific projects and actions to be taken on the landscape. Such projects and actions will be the purview of those organizations and agencies choosing to engage them. The Greenway Trust staff will compile and draft the management plan according to the requirements set forth in the authorizing legislation [See Attachment A below for NHA legislation].

The NHA Advisory Committee will be asked to make recommendations for improving the plan, and eventually endorsing its submission to the Secretary of the Interior. The NHA Advisory Committee will also recommend strategies to implement the plan. The NHA Advisory Committee will be asked to make recommendations regarding:

- An inventory of natural, historical, cultural, scenic, and recreational resources that should be conserved within the NHA
- Policies and strategies for cooperatively managing the NHA;
- An implementation plan that includes cooperative actions that various governments, agencies and organizations agree to take
- Funding sources
- Interpretive plan including exhibits and educational programs
- Other topics as needed

The NHA Advisory Committee, through its chair and co-chair, will provide periodic progress reports to the Greenway Trust Executive Committee. The NHA Advisory Committee will submit its final
recommendations regarding the Cooperative Management Plan to the Greenway Trust Board of Directors. If there are revisions or follow up matters regarding the Cooperative Management Plan prior to approval by the Secretary of the Interior, the Advisory Committee may be asked to advise on revisions.

Following the planning process and submission of the Cooperative Management Plan, there will be a natural reflection time period when committee members will be asked to think about lessons learned and to offer recommendations on next steps for implementation.

**Affirmative Duties, Limitations and Protections**

In fulfilling their responsibilities, the NHA Advisory Committee and the Greenway Trust in its capacity as the local NHA coordinating entity shall carry out the affirmative duties of the authorizing legislation in a manner consistent with the limitations of this authorization. Specifically, the NHA authorization:

- does not abridge the rights of any property owner (whether public or private), including the right to refrain from participating in any plan, project, program, or activity conducted within the NHA;
- does not require any property owner to permit public access to its property or modify public access or use of the owner’s property under any other Federal, State, or local law;
- does not alter any existing land use regulation, approved land use plan, or other regulatory authority of any Federal, State, Tribal, or local agency;
- does not convey any land use or other regulatory authority to the local coordinating entity;
- does not authorize or imply the reservation or appropriation of water or water rights;
- does not enlarge or diminish the treaty rights of any Indian Tribe within the NHA;
- does not diminish the authority of the State to manage fish and wildlife, including the regulation of fishing and hunting within the NHA or the authority of Indian Tribes to regulate members of Indian Tribes with respect to fishing, hunting, and gathering in the exercise of treaty rights; and
- does not create any liability, or affect any liability under any other law, of any private property owner with respect to any person injured on the private property.

Neither participation in the planning process as an Advisory Committee member or endorsement of the Cooperative Management Plan shall act to abridge, diminish or in any way affect the rights under existing authorities of participating local, state, and federal agencies or Tribal governments.
Public Engagement

Public input to the Cooperative Management Plan and public participation in the implementation of that plan are both desired elements of the Greenway NHA. Toward those objectives, the NHA Advisory Committee will:

- Make meeting agendas, meeting notes and other information about the NHA planning process available online.
- Welcome interested parties to observe Committee meetings.
- Invite community members across the Greenway to participate in public forums.
- Recommend additional ways to reach communities and invite public input such as open houses, online surveys and other means.

Charter Amendments

This charter may be amended by the Mountains to Sound Greenway Trust Executive Committee.

Term of Charter and Termination

This charter establishes a standing advisory committee of the Mountains to Sound Greenway Trust. The expected term of this committee is through approximately March 2022 when the Cooperative Management Plan is to be submitted to the Secretary of the Interior. The term of the NHA Advisory Committee may be extended if necessary for the planning process, or if the Greenway Trust Executive Committee sets out new and additional responsibilities for the Committee in a revised charter. This committee can be terminated by the Greenway Trust Board of Directors.
