\*included if sponsorship confirmed by October 1, 2019

# Greenway Annual Dinner

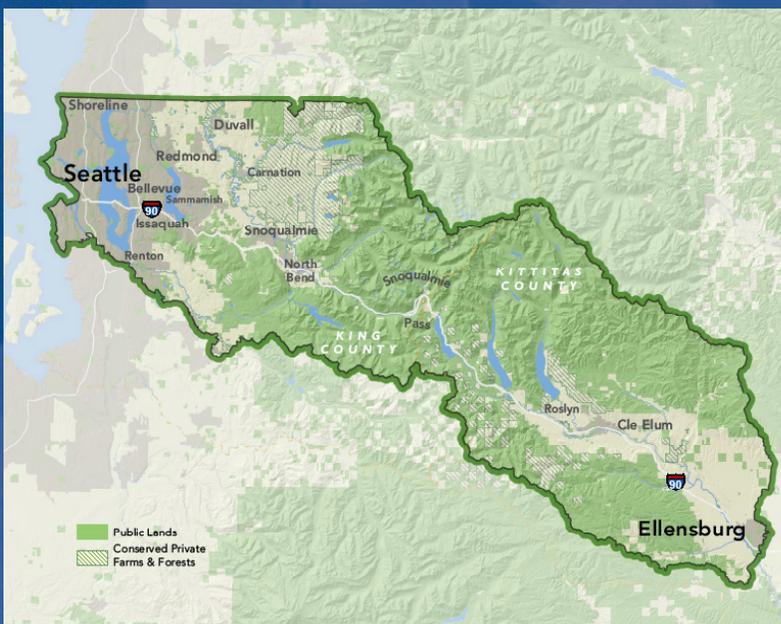

At this annual event, leaders from across the region come together to celebrate a year full of collaborative successes in the Mountains to Sound Greenway. The Washington State Convention Center’s skybridge, overlooking downtown Seattle, fills with nearly 400 people from all corners of the Greenway coalition– corporate and civic leaders, nonprofit partners, agency staff, forest rangers, and trail crews.

The Greenway was founded on the strength of cooperation and coalition-building, and owes its success in huge part to the many local companies and organizations who sponsor Greenway events year after year. As a sponsor of the Greenway Annual Dinner, you will be recognized for your commitment to preserving and enhancing this region’s landscape, and ensuring outdoor experiences are accessible for all.

## About the Mountains to Sound Greenway

Twenty-eight years of collaboration and hard work have tested and strengthened the vision of the Mountains to Sound Greenway. We have proven to this region and the rest of the nation that collaborative conservation, using a broad-based and inclusive coalition, can effect positive change.

Enhancing people’s connections to nature drives the Greenway mission. Our coalition of community members, businesses, government agencies, and donors is joined together by the ethos that when we have meaningful connections with our natural surroundings, we are healthier and happier, our communities are stronger and more equitable, and our lives are better.
